Subject: Compliance to Environmental Directives and Regulations  
Candidate List of Substance of Very High Concern (SVHC) for Authorization  
Number of substances on the Candidate List: 209 (last updated: 25/06/2020)

To Whom It May Concern:

The European Chemicals agency (ECHA) has identified a Candidate List of Substance of Very High Concern for Authorization. This list is available at <http://echa.europa.eu/>.

Ticer Technologies' has evaluated TCR(R) Thin Film Resistor Foil and determined based on the results of analytical testing or informed product knowledge the substances listed are not part of TCR® Thin Film Embedded Resistor Foil that we produce.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'D. Burgess'.
